Meet Our New Assistant Director.

Cora has worked with us before, curating the Kline Galland digital exhibit and more. She now has an MA in History from the University of Toronto and over seven years of experience working in the Jewish community.

We can't wait for you to meet her!

**Donors like you allow us to welcome
new staff to WSJHS. Thank you!**

Message From The Director.

I want to wish you all a very happy 2023! This is an exciting year for the WSJHS as we continue planting the seeds for our new digital archive. We are awestruck at the level of support we have received from donors like you, the State Legislature, and our sustaining supporters* for this project, which is truly a labor of love for the Jewish community of our state.

Save the date for our Annual Showcase event on June 15, 2023 to see the blossoming of our archival garden, which exists because of you.

Thank you for continuing to be a source of inspiration for me, our staff, and board—and for engaging with the WSJHS in so many ways. I hope the new year brings us fresh opportunities for connection and community growth.

With hope for another special year of memories & history-making.

A handwritten signature in black ink that reads "Lisa Kranseler".

Lisa Kranseler
Executive Director

*We are grateful for the sustaining support from

OUR ANNUAL SHOWCASE

SAVE THE DATE June 15, 2023

We will update you with event details on our website, social media channels, and email.

Just Some of Our 2023 Grants.

This year we received a special grant from the state of Washington. We are grateful to Rep. Tana Senn for her leadership in securing this grant to implement a new Archival Management System and the support from all other legislators who believe in our mission. Also, a special thank you to the Jewish Federation of Greater Seattle.

We couldn't have done it without your efforts!

We are thrilled to share that the WSJHS is one of 25 organizations to receive a storage grant with the Byte4Byte program within our chosen archival platform, Permanent.org! Given to organizations which present historically marginalized narratives, Byte4Byte will give the WSJHS access to technical support, cloud storage, and digital preservation—all which are essential to our mission of preserving and sharing Jewish history in our state.

Thank you so much to ALL the Grantors listed in our supplemental insert as well.

Nearly 80 people showed up for our event at Third Place Books in Seward Park in September!
